

LEGAL NOTICE

STATE OF LOUISIANA, OFFICE OF CONSERVATION, BATON ROUGE, LOUISIANA.

In accordance with the laws of the State of Louisiana, and with particular reference to the provisions of Title 30 of Louisiana Revised Statutes of 1950, a public hearing will be held in the Hearing Room, 1st Floor, LaSalle Building, 617 North 3rd Street, Baton Rouge, Louisiana, at 9:00 a.m. on **TUESDAY, OCTOBER 7, 2008**, upon the application of **CHESAPEAKE OPERATING, INC.**

At such hearing the Commissioner of Conservation will consider evidence relative to the issuance of Orders pertaining to the following matters relating to the **Haynesville Zone, Reservoir A**, in the Pleasant Hill Field, Sabine Parish, Louisiana.

1. To establish rules and regulations and create a single drilling and production unit for the exploration for and production of gas and condensate from the Haynesville Zone, Reservoir A, such unit to be designated HA RA SUA.
2. To force pool and integrate all separately owned tracts, mineral leases and other property interests within the proposed unit, with each tract sharing in unit production on a surface acreage basis of participation.
3. To designate a unit well for the proposed units, if appropriate.
4. To designate Chesapeake Operating, Inc. as the operator of the proposed unit, if appropriate.
5. To provide that any future well drilled to the Haynesville Zone, Reservoir A, should be located no closer than 330 feet from any unit boundary and no closer than 660 feet to any other well completed in, drilling to, or for which a permit has been granted to drill to said reservoir.
6. To provide that with respect to the unit well, if designated, and any future horizontal well drilled to the Haynesville Zone, Reservoir A, in the proposed unit, where the horizontal portion of the well is cased and cemented back above the top of the Haynesville Zone, Reservoir A, the distance to any unit boundary or other well completed in, drilling to, or for which a permit has granted to drill, to said reservoir, will be calculated based on the distance to the nearest perforations in the well, and not based on the penetration point or terminus.
7. To provide that the Commissioner of Conservation should be authorized to reclassify the reservoir by Supplemental Order without the necessity of a public hearing if the producing characteristics of the reservoir change and evidence to justify such reclassification is submitted to and accepted by the Commissioner of Conservation.
8. To consider such other matters as may be pertinent.

The Haynesville Zone, is hereby defined as being that gas and condensate bearing zone encountered between the depths of 11,135' and 13,140' (electrical log measurements) in the Philips Petroleum Company-Martin B No. 1 Well, located in Section 32, Township 11 North, Range 10 West.

A plat is available for inspection in the Office of Conservation in **Baton Rouge and Shreveport**, Louisiana.
